

Cooling Method Closed Cooling Tower Iron Heat Treatment for Single Heating Zone

Our Product Introduction

for more products please visit us on melt-furnaces.com

Basic Information

- Place of Origin: China
- Brand Name: Huarui
- Certification: ISO9001
- Model Number: SDHR002
- Minimum Order Quantity: 1 unit
- Price: According customers volume
- Packaging Details: water proof packing
- Delivery Time: 30-45 days
- Payment Terms: TT/LC
- Supply Ability: 1000 sets per month

Product Specification

- Material: Iron And Steel
- Application: Industrial
- Control System: IGBT/SCR
- Heating Method: Electric
- Type: Heat Treatment Furnace
- Heating Zone: Single/Double/Multi
- Warranty: 1 Year
- Cooling Method: Closed Cooling Tower
- Highlight: Single Heating Zone Cooling Tower,
Iron Heat Treatment Closed Cooling Tower,
Iron Heat Treatment Cooling Tower

Product Description

Product Description:

The Iron And Steel Heat Treatment Furnace is a cutting-edge solution designed for the precise and efficient heat treatment of iron and steel materials. With its advanced technology and versatile features, this furnace is an essential tool for industries that require high-quality heat treatment processes.

One of the key attributes of this furnace is its Electric heating method, which ensures consistent and uniform heating of the iron and steel materials. This method allows for precise control over the heating process, resulting in superior heat treatment outcomes.

Another notable feature of this furnace is its Closed Cooling Tower cooling method. This cooling system is highly efficient and helps in maintaining the desired temperature levels during the heat treatment process. The Closed Cooling Tower ensures that the iron and steel materials are cooled down effectively, enhancing the overall quality of the heat treatment.

The Iron And Steel Heat Treatment Furnace comes with a generous 1-year warranty, providing peace of mind to users and ensuring reliable performance over an extended period. This warranty reflects the high quality and durability of the furnace, making it a long-term investment for businesses in the iron and steel industry.

For power supply, the furnace is compatible with 380V/660V, offering flexibility and adaptability to different power requirements. This ensures that the furnace can be easily integrated into various industrial settings without the need for extensive modifications.

One of the standout features of this furnace is its versatile Heating Zone options. Users can choose between Single, Double, or Multi heating zones based on their specific heat treatment needs. This flexibility allows for customization and optimization of the heat treatment process, catering to a wide range of iron and steel materials.

In conclusion, the Iron And Steel Heat Treatment Furnace is a top-of-the-line product that delivers exceptional performance and reliability in the heat treatment of iron and steel materials. With its Electric heating method, Closed Cooling Tower cooling system, 1-year warranty, adaptable power supply options, and versatile Heating Zone configurations, this furnace is the ideal solution for industries seeking superior heat treatment capabilities.

Features:

Product Name: Iron And Steel Heat Treatment Furnace

Power Supply: 380V/660V

Heating Method: Electric

Material: Iron And Steel

Temperature Range: 1500-1700°C

Control System: IGBT/SCR

Technical Parameters:

Max. Loading Capacity	0.5-20 Tons
Material	Iron And Steel
Temperature Range	1500-1700°C
Warranty	1 Year
Application	Industrial
Cooling Method	Closed Cooling Tower
Heating Zone	Single/Double/Multi
Heating Method	Electric
Power Supply	380V/660V
Control System	IGBT/SCR

Applications:

Product Application Occasions and Scenarios for the Huarui Iron And Steel Heat Treatment Furnace:

The Huarui Iron And Steel Heat Treatment Furnace (Model: SDHR002) is a versatile and efficient equipment designed for various industrial applications. With its high-quality construction and reliable performance, this furnace is ideal for a wide range of product application occasions and scenarios.

Brand Name: Huarui

Model Number: SDHR002

Place of Origin: China

Certification: ISO9001

Minimum Order Quantity: 1 unit

Price: According customers volume

Packaging Details: water proof packing

Delivery Time: 30-45 days

Payment Terms: TT/LC

Supply Ability: 1000 sets per month

Cooling Method: Closed Cooling Tower

Control System: IGBT/SCR
Material: Iron And Steel
Power Supply: 380V/660V/
Heating Zone: Single/Double/Multi
Steel melting medium frequency furnace: The Huarui Iron And Steel Heat Treatment Furnace is perfect for steel melting applications due to its efficient heating capabilities and precise temperature control.
Iron furnace: For iron heat treatment processes, this furnace offers reliable performance and consistent results, making it suitable for various iron furnace applications.

Customization:

Product Customization Services for the Iron And Steel Heat Treatment Furnace -----
Brand Name: Huarui
Model Number: SDHR002
Place of Origin: China
Certification: ISO9001
Minimum Order Quantity: 1 unit
Price: According customers volume
Packaging Details: water proof packing
Delivery Time: 30-45 days
Payment Terms: TT/LC
Supply Ability: 1000 sets per month
Max. Loading Capacity: 0.5-20 Tons
Control System: IGBT/SCR
Type: Heat Treatment Furnace
Application: Industrial
Warranty: 1 Year

Support and Services:

Product Technical Support and Services for the Iron And Steel Heat Treatment Furnace:
- Installation assistance and guidance for setting up the furnace
- Training sessions for operating the furnace efficiently
- Troubleshooting assistance for any technical issues
- Regular maintenance services to ensure optimal performance
- Upgrades and customization options available

Packing and Shipping:

Product Packaging: -----
The Iron And Steel Heat Treatment Furnace will be securely packaged in a sturdy wooden crate to ensure safe transportation. The crate will be lined with protective materials to prevent any damage during shipping.
Shipping:
We offer worldwide shipping for the Iron And Steel Heat Treatment Furnace. Once the order is confirmed, the product will be carefully prepared for shipment and delivered to your specified address. We partner with reliable shipping companies to ensure prompt and secure delivery of the furnace to your location.
