

Industrial Iron And Steel Heat Treatment Furnace with Temperature Range 1500-1700°C Customizable Power Supply

Our Product Introduction

for more products please visit us on melt-furnaces.com

Basic Information

- Place of Origin: China
- Brand Name: Huarui
- Certification: ISO9001
- Model Number: SDHR002
- Minimum Order Quantity: 1 unit
- Price: According customers volume
- Packaging Details: water proof packing
- Delivery Time: 30-45 days
- Payment Terms: TT/LC
- Supply Ability: 1000 sets per month

Product Specification

- Cooling Method: Closed Cooling Tower
- Control System: IGBT/SCR
- Heating Zone: Single/Double/Multi
- Heating Method: Electric
- Type: Heat Treatment Furnace
- Power Supply: 380V/660V/
- Material: Iron And Steel
- Temperature Range: 1500-1700°C
- Highlight: **Iron And Steel Heat Treatment Furnace, Customizable Power Supply Heat Treatment Furnace**

Product Description

Product Description:

With its electric heating method, our steel furnace ensures quick and uniform heating of your steel parts, resulting in precise and consistent heat treatment outcomes. Whether you are looking to harden, temper, or anneal your steel components, this furnace guarantees optimal results every time.

The closed cooling tower cooling method of this heat treatment furnace is specifically chosen to complement the electric heating process, ensuring efficient cooling and preventing any heat-related issues. This advanced cooling system maintains a stable temperature environment within the furnace, further enhancing the quality of the heat treatment process.

Designed as a specialized heat treatment furnace, this product is perfect for industrial applications where precise and controlled heat treatment of steel components is essential. From automotive parts to machinery components, this furnace is versatile enough to accommodate a wide range of steel materials and shapes, making it a valuable asset for any industrial operation.

When you choose our Iron And Steel Heat Treatment Furnace, you can rest assured that you are investing in a high-quality product with a solid warranty. Backed by a 1-year warranty, this furnace is designed to provide long-lasting performance and reliability, giving you peace of mind and ensuring that your industrial processes run smoothly.

Whether you are a small workshop or a large manufacturing facility, the efficiency and precision of our steel furnace make it a valuable addition to any industrial setting. With its user-friendly design and robust construction, this furnace is easy to operate and maintain, allowing you to focus on your core business while achieving superior heat treatment results.

In conclusion, our Iron And Steel Heat Treatment Furnace is the ultimate solution for all your steel heat treatment needs. With its electric heating method, closed cooling tower cooling system, and specialized design for industrial applications, this furnace offers unmatched performance and reliability. Invest in our steel furnace today and experience the difference it can make in enhancing the quality and efficiency of your industrial processes.

Features:

Product Name: Iron And Steel Heat Treatment Furnace

Application: Industrial

Control System: IGBT/SCR

Heating Method: Electric

Power Supply: 380V/660V

Warranty: 1 Year

Technical Parameters:

Attribute	Value
Type	Heat Treatment Furnace
Max. Loading Capacity	0.5-20 Tons
Temperature Range	1500-1700°C
Heating Method	Electric
Heating Zone	Single/Double/Multi
Cooling Method	Closed Cooling Tower
Control System	IGBT/SCR
Application	Industrial
Material	Iron And Steel
Power Supply	380V/660V

Applications:

The Huarui Iron And Steel Heat Treatment Furnace (Model: SDHR002) is a high-quality product originating from China, known for its reliable performance and durability. This furnace is designed specifically for heat treating iron and steel materials, offering a temperature range of 1500-1700°C to meet various industrial requirements.

With ISO9001 certification, customers can trust the quality and standards of the Huarui furnace. The minimum order quantity for this product is just 1 unit, making it accessible for both small and large-scale operations. The pricing is flexible and varies according to the volume ordered, ensuring cost-effectiveness for all customers.

When it comes to packaging, the Huarui furnace is carefully protected with waterproof packing to prevent any damage during transportation. The delivery time is estimated to be between 30-45 days, allowing for timely acquisition of the product. Payment terms accepted include TT and LC, providing convenience and flexibility for transactions.

With a supply ability of 1000 sets per month, customers can rely on the availability of the Huarui Iron And Steel Heat Treatment Furnace to meet their production demands. Additionally, the product comes with a 1-year warranty, offering peace of mind and assurance of its quality.

The control system of this furnace utilizes IGBT/SCR technology, ensuring efficient and precise operation during the heat treatment process. The Huarui furnace is suitable for a wide range of applications in industries such as automotive, aerospace, and manufacturing.

Customization:

Product Customization Services for the Iron And Steel Heat Treatment Furnace:

Brand Name: Huarui
Model Number: SDHR002
Place of Origin: China
Certification: ISO9001
Minimum Order Quantity: 1 unit
Price: According customers volume
Packaging Details: water proof packing
Delivery Time: 30-45 days
Payment Terms: TT/LC
Supply Ability: 1000 sets per month
Cooling Method: Closed Cooling Tower
Material: Iron And Steel
Type: Heat Treatment Furnace
Temperature Range: 1500-1700°C
Max. Loading Capacity: 0.5-20 Tons

Support and Services:

The Iron and Steel Heat Treatment Furnace product offers comprehensive technical support and services to ensure optimal performance and efficiency. Our team of experts is available to provide assistance with installation, operation, and maintenance of the furnace. We also offer training programs to educate operators on best practices for using the furnace safely and effectively. Additionally, our service team is equipped to provide repairs, upgrades, and troubleshooting to minimize downtime and maximize productivity. Customer satisfaction is our top priority, and we are committed to delivering reliable support and services to meet the needs of our clients.

Packing and Shipping:

Product Packaging:

The Iron And Steel Heat Treatment Furnace will be carefully packaged in a sturdy wooden crate to ensure safe transportation. The crate will be secured with strapping to prevent any movement during shipping.

Shipping:

We will arrange for the Iron And Steel Heat Treatment Furnace to be shipped via a reputable freight carrier. The product will be delivered to your specified address within the agreed-upon timeframe. A tracking number will be provided so you can monitor the status of your shipment.
